**Subject:** FW: Upcoming Meeting to Discuss The Aquila Response Document

Hey Peter – I can go late on Monday but probably won't be able to attend on Tuesday morning. Can you and your team go into Monday evening and Tuesday morning if necessary?

Chris –

All of us will be coming into town the night before and staying nearby, so we can get started as early as your staff is comfortable on Monday morning. If you can just shoot us a time that works best for you, we will be there and good to go then.

Also, in the interest of ensuring a thorough review and response to any outstanding concerns that you or your staff might have with our pending MDEQ permit application that would require additional time and effort on our end, we are willing to work independently on any outstanding issues into Monday evening and remain available to meet with your staff on Tuesday morning if they could also be available then, as we intend to make every effort to not leave Chicago without all EPA concerns resolved.

We very much appreciate your time and consideration in this matter. Thank you.

Jeff

Thanks, Jeff. We're blocking off the whole day. Since you folks are traveling, just let me know what time the Aquila team would like to start and we'll accommodate.

Chris

Hey Chris –

Ok, no problem, we appreciate that. We will let everyone know on our end.

Thanks for following-up so quickly.

**Subject:** Upcoming Meeting to Discuss The Aquila Response Document

Hi Steve and Jeff:

I wanted to give you a heads-up that we will need to move the meeting date to Monday, 4/16, due to staff availability. Can you please advise the Aquila folks and counsel? I did not have their e-mail addresses or phone numbers handy.

Thanks.

Chris
